ABOUT ME

I am a passionate Web Developer with strong skills in both frontend and backend development.

I specialize in building responsive, user-friendly interfaces using modern frontend technologies.

On the backend, I work with PHP and MySQL to develop secure and efficient web applications.

I focus on writing clean, structured code and creating smooth user experiences.

I enjoy turning ideas into real-world projects that solve problems and add value.

I am continuously learning new technologies to improve my skills and stay updated with industry trends.

EDUCATION

Aptech Site Center

2025 - Present

Currently enrolled in a web development program at Aptech Site Center. Completed the first semester with a strong focus on practical training and project-based learning. The program emphasizes real-world development practices and professional growth.
